

David spares Saul's life

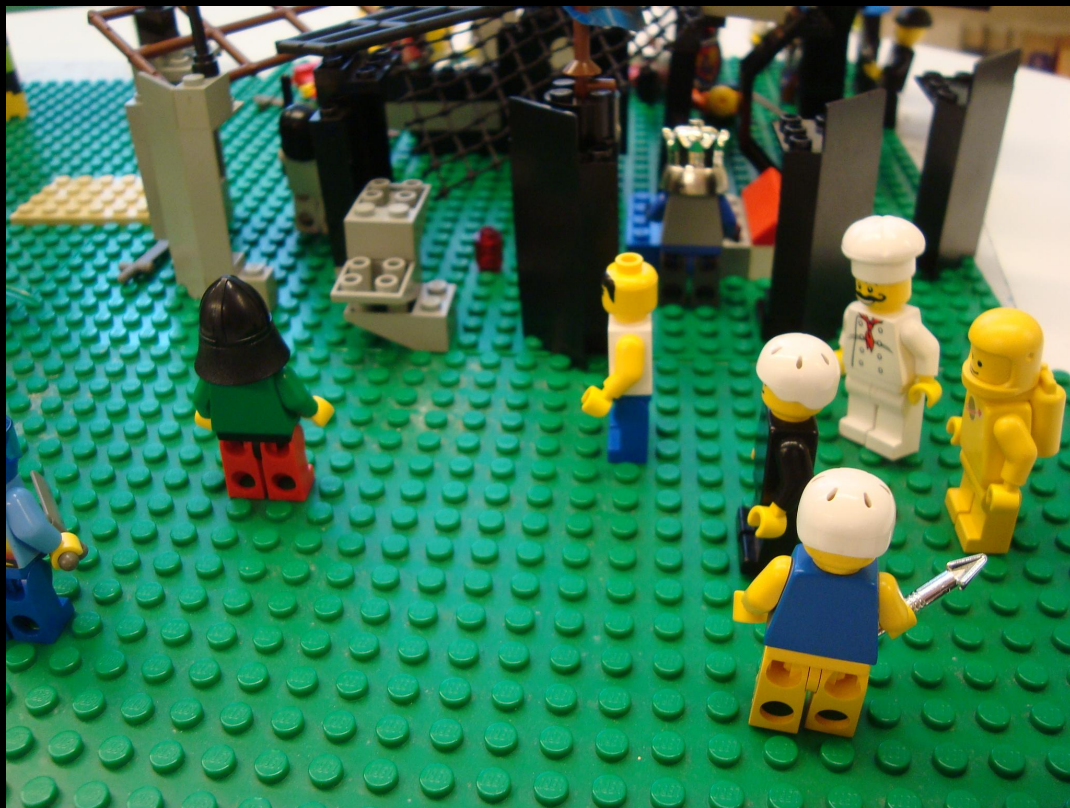

By Isaac, Emily and Roberta

Saul learns that David is hiding on Mount Hachilah. He goes with 3000 of the best soldiers to look for David.

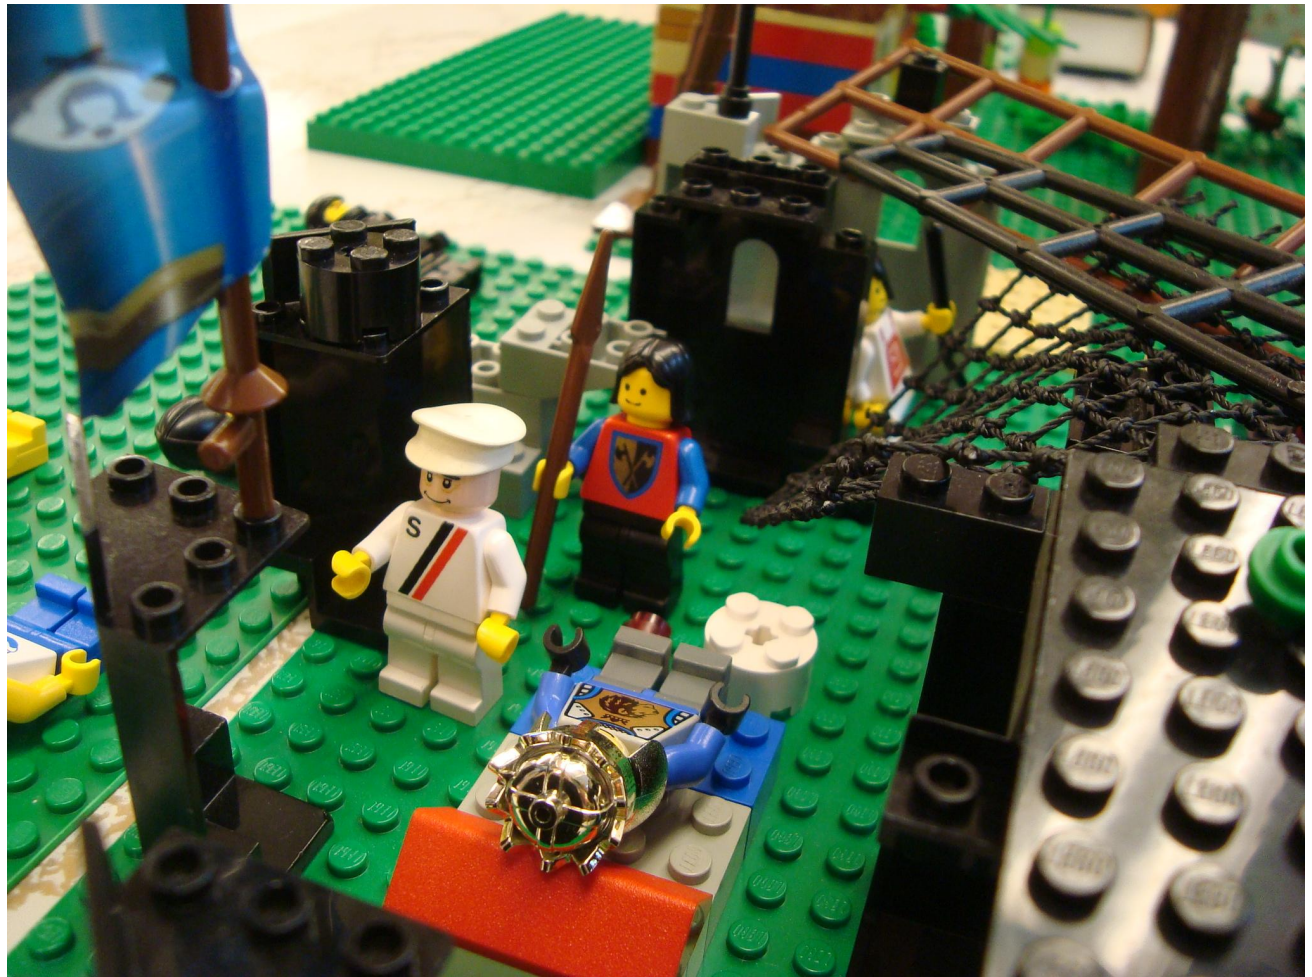

David sends spies out to find out that Saul is there. He is!

Saul and his men
camp by the road on Mount
Hachilah.

That night David and Abishai entered the camp and found Saul sleeping with his spear stuck in the ground. Abishai said to David “Let me plunge his spear through him and pin him to the ground with just one blow.” David said “You must not harm him! The Lord forbid that I should try to harm one whom the Lord has made king! Let’s take his spear and his water jug and go.”

Then David went over to the other side and stood on the top of a hill. And David cried to the people. And Saul knew David's voice and said, "Is this my son David?" And David said, "it is my voice, O King."

Then Saul said to David, "I have sinned. Return and I will no more do harm to you."

And David answered, "Behold, the king's spear! Let one of your soldiers come over and fetch it."

Saul said to David,
Blessed by thou, my son
David thou shalt both do
great things, and still
continue on.

So David went on his
way, and Saul returned
to his place.
